

CODECOMBAT

A Browser Based Game for Learning Scripting Languages

Alexandria Mack - Katie Tigue

April 2, 2015

WHAT IS IT?

A game for extensive practice, instead of intensive learning.

Company

- Company: CodeCombat
- Founded: 2013
- HQ: San Francisco, CA
- Founders: Nick Winter, George Saines, and Scott Erickson

- Barely contained chaos, over 200 open issues. 300+ contributors
- Participation trending up
- Really good getting involved process, lots of documentation

- Git by a Bus - Probably not. the most active 20 percent are people who are employed to create this game.
- Raptor - Hopefully. There is more than one very active committer.

Dec 8, 2013 – Apr 2, 2015
